## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 3-10 and 14-24 are allowed.

The reasons for allowance for claims 4-10 and 14-20 are maintained as written in the previous office action.

The reasons for allowance for claims 21-24 and 3 are as follows: Prior art of record teaches a charge acceptance ability and a current control means for controlling a generator, but fails to teach or reasonably suggest the overcharge instruction means for determining the overcharge current and using the current control to deliver the overcharge current to the battery during charging. Prior art teaches decreasing the charging current in discrete steps so that the charging current does not exceed the diminishing charge acceptance ability for the battery.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
